

WIRELESS REPEATER AND POWER SUPPLY

The wireless repeater is an integral part of the PalCare network. It allows for resident and device coverage for the entire campus of a facility.

PAL -212310

Features

- Includes 120 VAC power transformer.
- Includes battery backup.
- Self configuring
- Case tamper protection

Specifications: Repeater

- Dimensions: 3.5" H, 6.5" W, 1" D.
- Weight: 7.14oz.
- Operating Environment: 14°F to 140°F.
- Power Requirements: 12 to 16.5 VAC or VDC; 250mA maximum current consumption.
- Battery Capacity: 1800mAH @ 3.7 typical.
- Backup Battery Life: 24 hours.
- Operating Frequency: 902-928 MHz.
- Works with all PalCare nurse call systems.

Specifications: Power Supply

- Dimensions: 3.5" high, 6.5" wide, 1" deep
- Weight: 15.6oz.
- Operating Environment: 14°F to 140°F
- Power Requirements: 120V AC 60Hz 38W
- Power Output: 14VAC 1429mAH
