

BED PAD WITH MONITOR

The bed pad with monitor allows for monitoring of a resident or patient that may require special care or attention while in bed.

PAL -217010G

Features

Monitor:

- "Always-On" Monitoring.
- Chime, Warble, Buzz, and Silent tones.
- 0,2,4,8 second nuisance delay reduces false alarms.
- Built-in transmitter.
- Silicone protective sleeve with strap.

Pad:

- Over molded plug end to protect against strain and breakage.
- Heavy duty bonding with reinforced anchor prevents separation of cord from pad.
- Cleans easily with damp cloth. (No harsh cleaners)
